Emporia, Kansas.—"I began using Lydia E. Pinkham's medicine years ago when I was a girl. For several years I had severe painstressing periods, making me very weak and interfering with my regular duties. I tried several remedies without obtaining relief. I was induced to try Lydia E. Pinkham's Vegetable Compound by friends and it restored me to normal health. I often have occasion and do recommend your Vegetable Compound to my friends who have trouble similar to my own. You may use these facts as a testimonial."—EVA ALBRICH, 213 Union St., Emporia, Kansas.

There are many women who first used our Vegetable Compound during their girlhood days. They found it a valuable help during trying periods. In later years they use it whenever they feel those annoying symptoms which women often have.

It is prepared carefully from medicinal plants, whose properties are especially adapted to correct the troubles women have.
